### **What Are Your Priorities for the Next Decade?** (Check all that apply.)

- Job Security
- Workplace Safety
- Affordable Healthcare
- Access to Education
- Worker Rights
- Security in Retirement

Congress and state legislatures increasingly control vital aspects of the rail industry and our profession. We must support those in elected office that support us on issues like rail safety, Amtrak, FELA, Railroad Retirement-issues that are important to workers and their families.

Support for those who support our interests is critical to protect our members and families, both active and retired.

### **Why Should you join?**

Unions cannot just react when important issues arise. We must get in the game early and help set the agenda. BLET PAC helps elect and retain elected officials who share our concerns.

### **I Already Pay Union Dues.**

Laws prohibit the use of union dues for political purposes. Your voluntary BLET PAC contribution fills this gap and enables us to help those who share our interests on the state and national level.

### **What If I'm Almost Ready To Retire?**

BLET PAC also works for our retired members and their spouses. Railroad Retirement, survivor's benefits, and other timely issues. We're working to protect your interests-today and tomorrow.
